Fabulous

Ridin' down south  
(Hitmaka)  
Oh I like this

Choosey, choosey, choosey, choosey  
(Choosey)  
Choosey  
But I don't wanna choose (Choosey)  
(I swear I don't)

Choosey, choosey, choosey, choosey (I swear I don't)  
Choosey  
But I don't wanna choose  
(I swear I don't)  
Choosey, choosey, choosey, choosey (Here we go)

She want me to come stay over  
She caught a flight with no layover  
Drinkin' all night with no hangover  
(Drinkin' all night with no hangovers)  
She never asks me to pay for it  
She never texts me, just wait for it  
Turn you into my PYT  
If not, then tell a friend, 'cause I'm so  
Oh

Choosey, choosey, choosey, choosey  
Choosey (Choosey)  
But I don't wanna choose  
I don't, I don't, I don't  
Choosey, choosey, choosey, choosey  
Choosey  
But I don't wanna choose, ooh  
Choosey, choosey, choosey, choosey (Yeah)

I don't need nobody else now  
Won't even check for the options  
Know that I'm not out here choosey  
Know I ain't lettin' no opps in  
Ain't know adoption, you know I'm yours  
Don't you give up on the kid  
Look, this wasn't planned but you still my baby  
You should pull up to the crib  
Look, I got so much I can give, yeah  
Still tryna give you no choice, yeah

But how 'bout some lovin' up in this Rolls Royce  
(Now hold up)  
If you curve me, mind your business  
Just noticed how fine your friend is (Naw)  
I hate that choosey ass shit (I do)  
Yeah, he tried to talk to me this shit (For real?)  
Just wanna do me, that's it (That's it)  
They gassin' up rumors and shit (Skrrrr)  
Well, they gotta catch me in traffic  
I'll be your number-one draft pick  
Just gotta choose me

Choosey, choosey, choosey, choosey  
Choosey (Choosey)  
But I don't wanna choose  
I don't, I don't, I don't  
Choosey, choosey, choosey, choosey  
Choosey  
But I don't wanna choose  
Choose you  
Choosey, choosey, choosey, choosey

You hits me deep down in my heart, I select you  
Number one, nobody fi test you  
Girl, you're worthy, I cannot lie  
You're deserving, I can't deny  
Nobody can, nobody can give enough, yeah  
Nobody can, nobody is good enough, yeah  
Hold you down, hold you down  
Believe it, I'ma hold you down, yeah, yeah
