

Dram's On Time

Fabulous

Dram

Loso

No Bahamas this time, huh?

You owe me some vacation time

I guess you finally see the importance of killing the competi
on

Stop forcing these murders on me

You see, I'm always at the funeral early
I like to get a good seat, view the body, laugh in the face of
the competition's family

You know. That's just me doing the things that I like to do

But Drama, DJ Drama

This guy has no respect

He just shows up whenever the fuck he feels like it

And what does he say?

Aye! Somebody told me there was funeral goin' on out this bitch
!
