Frenemies

Fabolous

What goes up always comes down
What goes around always comes 'round
What's in the dark always comes to light
Two wrongs never make a right
Every story got two sides
One facts, one all lies
Do they love you 'cause you been official?
Or 'cause you benefice shit?

Time heals but it also refills
What's fake and what's not really real?
Who gon' be the one to really pull that trigger
Who gon' slide when it's time to slide?
Frenemies (Yeah, yeah)
How many of us have the frenemies? (Oh-oh)
Ones we can't depend on, frenemies

Lookin' back though I thought you was a friend of me (For real)
When enemies pose as friends call 'em frenemies (For real)
'Cause every hand that ain't helpin', that ain't extendin' me (It ain't)
And most ain't as happy for you as they pretend to be (They ain't)
Winnin' in the streets, haters wanna end the streak (Losers)
Pimped the industry, hoes can't be indiscreet (Shut up)
My energy, keep that same inner G
When you mix friend with foe, that's a deadly synergy
Bitches'll dub you and bait you with the same lie
Family can love you and hate you at the same time
Lovers and haters are like two of the same kind
Both of them feelings can make you do the same crime
When your shooter aimin' at you, you a easy target (Pah, pah, pah, pah)
Think you been through dark times, nigga these your darkest (For real)
When the one who knows all your secrets gets to tellin' (Damn)
Heard he went against the family, yeah the kid rebellin' (Damn)
In them quiet rooms heard he started yellin'
How you gon' turn your fellas into felons? (How?)
I'm with some real ones fuck the number means
Friends like y'all who needs enemies?

What goes up always comes down
What goes around always comes 'round
What's in the dark always comes to light

Never value the length of the relationship (Never)
Over the strength of the relationship (Word)

'Cause the one that knew you long'll still do you wrong (Word)
If you don't know you better go and get your Google on
Better ask somebody, set up by a nasty thotty (For real)
Lil' bastard's prolly waitin' with the mask in lobby
I got the scoop for ice and cream, they wanna bask and rob me (Only flavor)
Take me out this world, try to astronaut me (Woo)

Find out a lot of you niggas really out on tell
Girl friend you hanging 'round sayin' "Fuck your man"
Same girl friend'll turn around to fuck your man
