You so lame it should be your first name  
And I'm so raw I'm Bolivian cocaine  
I'm the next of kin to Loso or Kane  
I'm disrespectful I'm drivin in both lanes  
They pushin my buttons to fuck with my campaign  
They know Jermaine is here to take over the game  
Now I'ma hear my chain or the Crown Vic chain  
The shakedown chain, I clean it in champagne  
Then I take aim and I blocka, blocka  
Them heavyweight shots from the choppa, choppa  
You can Google Cafe, I'm a shotta, shotta  
And me no play play when I wrap a, rapper  
Since the bubble L-E-X-U-S  
I've been swervin and servin the whole U.S.  
The Remy and the bourbon be burnin my chest  
S.F. we the best, middle finger to the rest

I said, fuck 'em all, motherfuck 'em all  
Cause I shot so much I smell like the fuckin mall  
It's so many guns ain't nowhere to tuck 'em all  
And you might dodge one, let me see you duck 'em all  
No way, no how, shit I know that  
Almost as much as I know O.J.'ll blow trial  
I be in the club, Rose, no smile  
Few pretty chicks like "Okay can we go now?"  
I must be the niggy  
I run in your house, snatch your lil' russy and diggy  
It's nothin no biggy, and if I hafta I do it myself  
I'm feelin like a Puff with no Biggie  
Now these joker niggaz OD'n pullin a huge head  
So I'ma kill a cow, make sure that the beef's dead  
Burger-ass niggaz, I look further past niggaz  
And go over the head of Uncle Murda-ass niggaz  
I said, fuck 'em all, motherfuck 'em all
