My Mind

Fabolous

(Hitmaka!)

I can't, I can't, I can't getcha, getcha off my mind (Mind, oh)
I can't, I can't, I can't getcha, getcha off my mind (Yeah)
I can't, I can't, I can't getcha, getcha off my mind (Mind, no)
I can't, I can't, I can't getcha, getcha off my mind (Yeah, yeah)

Uh, they be thinkin' I be daydreamin'
Yeah, but on the real I be baedreamin'
Niggas tryna get at me, stay schemin'
Callin' me Jodeci, told Alexa play "Feenin'"
I can't get you off of my mind
You know it's hard to get it all for the grind
Had to make you VIP, get you off of that line
Since your ex been throwin' shade hit you off for some shine, you know
Put them rocks on her body like a stone massage
Doors go up on the car like the home garage
How 'bout me you and this money have our own ménage
Hit you later, make sure your phone is charged

I can't, I can't, I can't getcha, getcha off my mind (Off my mind, mind, oh)
I can't, I can't, I can't getcha, getcha off my mind (Mind, yeah)
I can't, I can't, I can't getcha, getcha off my mind (My mind, mind, no)
I can't, I can't, I can't getcha, getcha off my mind (Yeah, yeah)

Yeah
Got you all up in my thought process
No more dreaming 'bout you, time to let them thoughts progress
Turnin' into reality like it's Love and Hip-Hop
Haters can't stand the rain but watchin' heavy drip-drop
Workin' out and eatin' good, get you shape in tip-top
And always slides through for me, you don't ever flip-flop
'Less it's that designer with Chanel C's on 'em
Or the Gucci, G's on 'em, Louis, LV's on 'em
Thinking 'bout that head got my mind blown
In the drop top, had my mind gone
Like minds, think alike, what your mind on?
Play that "I can't get you off my mind" song, yeah

I can't, I can't, I can't getcha, getcha off my mind (Off my mind, mind, oh)
I can't, I can't, I can't getcha, getcha off my mind (Mind, yeah)
I can't, I can't, I can't getcha, getcha off my mind (Off my mind, mind, no)
I can't, I can't, I can't getcha, getcha off my mind (Yeah, yeah)

You're stuck in my head (Yeah), can't get you out (Out)
Yeah, swear you're my drug (Drug), I can't live without
I'm on your team, babe (Yeah), you're hot like the ball (Rock)
Give it to me, I'll score (Yeah)
It's an easy decision (Right), for you, I'd listen (Yeah)
Girl, you got my attention
You're my holster, I'm the 9, my Glock 9, never leavin' you (You)
Yes, I need you by my side (My side)
Protect me, I'll protect you
I'm ready (Ready), this love 50/50
Keep it a hundred with me, baby (Yeah)
I'ma take the lead, they follow (Oh)
I'm jumpin' off the deep, no shallow (Shallow)

I can't, I can't, I can't getcha, getcha off my mind (I can't getcha off my mind, mind, oh)
I can't, I can't, I can't getcha, getcha off my mind (My mind, yeah)
I can't, I can't, I can't getcha, getcha off my mind (Off my mind, mind, no)
I can't, I can't, I can't getcha, getcha off my mind (Yeah, yeah)
