

## Nightmares Ain't As Bad

Fabulous

I be having dreams of my niggas winning, every one of them  
And nightmares of something happening and losing one of them  
They tell me that its all in my head but I look deeper in 'em  
My dreams and nightmares have the same people in 'em  
I say prayers before I sleep and I keep them in 'em  
Too many wolves in these streets and snakes creeping in 'em  
I used to dream about the mansions now we sleeping in 'em  
My worse nightmares is still the Feds sweeping in 'em  
When you wake up broke how does sleep feel right?  
Get up out the bed and make your dreams meet real life  
You should be a Dream Chaser trying to Meek Mill life  
You make money in your sleep that's when your sheets feel nice  
You make money in your sleep that's the real tooth fairy  
And I know the youth hear me so I speak the truth clearly

Gotta dream my nigga when you dream my nigga  
Them nightmares ain't as bad as they seem my nigga

Ain't been getting no rest and if you wondering why  
Cause I been getting this money, I feel wonderful, why?  
Gotta pardon them moneybags that's under my eye  
Just left London, Dubai then had to run to NY  
And I'm fly 'til I die so sometimes the flight scare me  
I keep leveling up until the heights scare me  
30 bottles and dream, 'member that night, Mary?  
[?] stop the music and turned out the lights scary  
All you saw was bottles lighting up and nice jewelry  
Reminds me in dark times keep something bright near me  
You pay the cost to be the boss but the price varies  
And I ain't even spitting bars these is life theories

Gotta dream my nigga when you dream my nigga  
Them nightmares ain't as bad as they seem my nigga  
Just dream my nigga 'cause when you dream my nigga  
Them nightmares ain't as bad as they seem my nigga  
Gotta dream my nigga when you dream my nigga  
Them nightmares ain't as bad as they seem my nigga  
Just dream my nigga 'cause when you dream my nigga  
Them nightmares ain't as bad as they seem my nigga
