playa (Playa, playa) Playa, playa

Playa, Playa

First you tell the jeweler Audemar Piguet ya
Then you tellin' waitresses to Rose her
Bumpin VIP and you meet your first Dreya
In the strip club, ones in the air
Nothin' but attention that they wanna pay ya
Dancers tryna welcome to L.A. ya
Shake it like a polaroid picture, Hey Ya
Let 'em know you ballin', you that nigga playa
And you run the city you the new mayor
Tonight is full of hoes and the flyest playas
Can't forget the jackers and the playa haters
And shady hoes can't wait to be-tray ya
It's hard to tell which one is here to slay ya
Nigga be that pretty redbone layup
Texting to them niggas who are tryna lay ya
The lights is coming on and you drunk as sailor
Shawty like where the after-party playa?
You grab her by the hand and tell her I'm a take ya
Shawty rollin' with it she is not a faker
Now you with your wheel like a roller skater
Pullin' out the lot you tell your homies 'Later! '
Stopping at the light corner of La Brea
Them niggas ride up on ya like a escalator
Wearing all-black Oakland Raider
Screaming run your shit 'fore they AK ya
Begging for your life hoping they don't spray ya
Shoulda left that balla shit for the Lakers
Yeah

No time to play you've been robbed
