

## Say Less

Fabulous

Say less

Been through hell and back but didn't pray less  
Never been stingy with a pay check  
All my brothers eating like the Wayans  
They ask me for my help I tell them say less  
Been through hell and back but didn't pray less  
Never been stingy with a pay check  
All my brothers eating like the Wayans  
They ever need my help I tell em say less

When you really keep it playa you can keep a team

Make sure they say less  
Kill a rat before they chat

On the couches she throwing signs up like Caresha  
Slidin' with the mobster, salt and pepper lobster  
Walnut shrimp outside like Von Zip  
2 milli on a car with no stars on the ceiling  
They be gangstas on the blogs, catch a charge now they civilians  
Now back to the private room, poker with the lifers  
When I tell 'em say less, I ain't talkin' bout the prices  
I'm on that say less energy, she spinnin' me, I curve fast  
Catchin' suckas Jack Harlow style, flyin' first class  
Still duckin' all the crabs, eatin' all the lobster  
Hopin' out like Fendi off the helicopter
