

# Situationships

Fabulous

We all had situationships  
Good sex Bad relationships  
Had dinner dates had vacation trips  
Now the respect is lost, the admiration dips  
And all we do is fucking argue  
Yeah that's it,  
Fuck and argue  
Why have somebody lying with me every night  
If they just gon be lying to me every night I'm trying but I'm never right  
Buying shit you never like  
Two wrongs just make us wrong why even be together right we  
Used to be lovers now we  
Used to eachother keep  
Accusing eachother of us, using the other  
And what's crazy is soon as you fall back they crawl back  
Saying they sorry and want it all back  
How do I get myself in these situations  
I think I know

Somebody gonna be mad if they hear me sayin that  
I'm single  
Cause lately I been feeling like  
I'm single  
How does together feel so alone  
Like I'm a stranger in my own home  
Like I'm single  
Guess I'm single,  
Single (I'm single)

Titles ain't shit if the story don't match it  
Now you got a itch looking for a way to scratch it  
Flirting online hoping shorty don't catch it  
In the strip club  
You do it for the ratchets  
Meanwhile, discussing turn into fussing  
Name callin and cussin the person you put your trust in  
You tryna take back something you already said  
That's like giving CPR to something already dead  
And it is what it is  
Or it is what it isn't  
The comfort of us is no longer sufficient  
But, I hid it well in public I didn't yell  
We got everybody fooled but I think the kids can tell  
That this situation ain't the best  
It ain't the worst  
It been times that I felt like this  
It ain't my first  
That alone got me like try harder or why bother  
One thing I know...

Somebody gonna be mad if they hear me sayin that  
I'm single  
Cause lately I been feeling like  
I'm single  
How does together feel so alone  
Like I'm a stranger in my own home  
Like I'm single

Guess I'm single,  
Single (I'm single)
