Fabulous

Mi amor usted no sabe cuanto lo quiero
Pablo

She callin' me Fablo
She think that I'm Pablo
She watch too much Narcos
She think I'm the Narcos
I buy till the bar close
I hit Neiman Marcus
Fuck a Wells Fargo
It's stacks in my cargos
Griselda Blanco, she got the donk though
Whippin' that foreign like it's the Bronco
I'm on the highway like I caught a body
Me and compadre smokin' beats by Dre, loud to the head
Takin' loud to the head
First we count up the blessin's
Then we count up the bread
I can count on the squad
I can count 'em like one, two, three
Everything gotta run through me
You know Jefe the one to see

Don't you get comfortable nigga
Cause that's when they come for you nigga
Not here to comfort you nigga
Lay you like comforter nigga
You know where I come from my nigga
I am from the iron jungle my nigga
I done seen the lions rumble my nigga
Listen up you Brian Gumbel ass niggas
Young OG is back to humble you niggas
Plug

I got what you want, I know what you want
I got what you need, I know what you need
I got what you like, I know what you like
I got what you love, I am your plug
She fell in love, she fell in love
She want the plug, she want the plug
She fell in love, she want the plug
She fell in love, she want the plug

She givin' me Besos, she feelin' my dress code
I blame Ernesto, it's your fault Ernesto
Took me to the west coast, linked me with Nate Dogg
I gotta cook up now, ain't no marinate dog
It's no time to wait dog, wait dog, wait dog
We done sellin' weight dog, weight dog, weight dog
If I fell away dog, they feel a way dog
They come with AK's dog, like it's Kuwait dog
All we know is B.I.T.E., we aggressive sharks
Don't you ask us nothin', fuck a question mark
Flyest nigga in it, spit the freshest bars
This is Narco swag, call me Freshcobar

I got what you want, I know what you want

I got what you need, I know what you need
I got what you like, I know what you like
I got what you love, I am your plug
She fell in love, she fell in love
She want the plug, she want the plug
She fell in love, she want the plug
She fell in love, she want the plug

Leave me some head, she need a plug
Fuckin' me good, she need a plug
Holdin' me down, she be the plug
Whatever I need, she be the plug
Que lo que esta pasando
Te necesito tanto, te extraño
Por favor regresa Pablo
Pablo en la calle no hay amigos
Porque no me contesta
Usted lo sabe que yo lo amo, regresa
Pablo yo lo amo y no te podemos perder
Por favor tenga mucho cuidado porque la calle es mala
Y aqui hay muchos traicioneros, regrese
Pablo tu estas mejor, yo lo amo para toda la vida, mi amor
Cuanto lo quiero
Pablo Frescobar
