

## Too Late

Fabulous

(Bink! The Humble Monster)  
I just hope this encourages people who love each other (You know it's so, oh-ooh)  
To make it right  
(Hitmaka!)  
It's not too late (It's not)

It's not too late to try  
It's not too late for you (You)  
Don't make me have to choose  
Don't make me have to choose (Choose)  
It's not too late to try (Try)  
It's not too late for you (You)  
Don't make me have to choose  
Don't make me have to choose (Choose)

Oh (Yeah)  
Like I know your name, girl, I'm in your favor (Yeah)  
Oh (Yeah)  
I can't turn time back so it's now or never (Yeah), woo  
I can't complain (Hey), my love won't fade (Fade)  
It's not what you say (Yeah), just look what you do

Real love don't fade, real friends don't shade  
Real niggas do real things, things I won't trade  
For nothing in this world, two boys and this girl  
Who I love like I made her, no above, nothing greater  
Than family, so I thought they'd love that we made up  
But the oxymoron is expectin' love from a hater  
It's a lose-lose, a hurt woman and a damaged dude  
I guess it's true, nobody wins when the family feuds  
So it's us verse them like you my spade partner  
These the cards I was dealt, could've played smarter  
But the game's startin' to make you feel like you don't know  
If you should've came harder, or stepped back, James Harden  
Yeah, it could've went left but that wouldn't have been right  
Didn't want you to leave (Want you to leave), understood that you might  
Too many people in our business that we didn't invite  
They all saints when they speak on someone else's sin, right? (Right?)

It's not too late to try  
It's not too late for you (You)  
Don't make me have to choose  
Don't make me have to choose (Choose)  
It's not too late to try (Try)  
It's not too late for you (You)  
Don't make me have to choose  
Don't make me have to choose (Choose)

"To me, a man's role in life is to sacrifice on all levels, you know?  
To make sacrifices for himself and his family  
That prevents everyone from being vulnerable and in need  
Thanks to the main men in my life, I know how to not be either of the two  
Make moments to cherish forever with the ones you love  
Before it's too late"

They say better late than never, I say never late is better

'Cause for you they might be patient, but they never wait forever (Wait forever)  
Time heals all wounds, but there's still the scars  
And when a rapper go through it you get the realest bars  
Pain in your heart, turn that pain into art  
Try to shed some light on it, don't just paint in the dark  
When did it all start? (All start)  
You know, the disrespect, when did it fall apart?  
You know, the disconnect, who knows?  
But you learn from your mistake so keep on making 'em  
If you're not careful with their hearts, you keep on breaking 'em  
I'm from the era where father figures, we never had  
But somehow not havin' dads made us better dads  
We saw abuse in the household more than the love  
Verbal, emotional, physical, all the above  
Broke up our family structures with prison and drugs  
But it's time for us to break that tradition, because

It's not too late to try  
It's not too late for you (You)  
Don't make me have to choose  
Don't make me have to choose (Choose)  
It's not too late to try (Try)  
It's not too late for you (You)  
Don't make me have to choose  
Don't make me have to choose (Choose)

Family means life (Life)  
I just wanna thank them, without them  
I don't know what I would do, I'm so glad that they're my family  
And I'm glad that I have my mom and my dad to be by my side  
(To be by my side)  
'Cause I have great parents, great grandparents, great siblings and I love them all (And I love them all)  
I love them so much (I love them so much)  
Family is first (Family is first)  
This is Johan, I gotta go now  
Got anything to say, Jonas? (Got anything to say, Jonas?)  
Papi, I love you (Papi, I love you...)
