Ups & Downs Freestyle

Fabolous

The thing about life is it's gon' have ups and downs
Nothing you can do about that
But on the up-side we just tryna keep it up
You win some, you learn some, there's no losses
Yeah

Tryna elevate, I just take the ups with the downs
If it escalate, my order going uppity-down
Make 'em levitate, blick lift 'em up off the ground
Imma heavyweight, I've been tryna uplift the town
You ain't say that, oh now we got puppets around
I don't play that, the homie can't make up with no clown
This the up-side, everything is up with me now
Down ass bitch, I gotta act her uppity now
Ain't no getting back with me when I'm up and she down
And I just lost a parlay off a couple rebounds
Thought y'all was happy for me, what's up with these frowns?
I'm big fish, you mad you can't Guppy me now?
Stay hungry, never thirsty, my cup with me now
Seen me drop a bag, I'm her cup of tea now
Moving on up, Jeffersons, upper east now
Could've upped the middle finger but I up the peace now
Yeah, Dueces like Breezy and Tyga
Hoes ain't loyal, featuring Weezy and Tyga
Swing through clubs, yeah that get easy for tiger
Drip too hard, I don't make it easy for biters
They think when you getting paper it gets easy as whiter
But I never force it, the reason is GIGA
Aye they gon' come for you when they can't comfort you
I got comfortable seeing them uncomfortable
I got local niggas tryna locate ya
She not up in Kroger, she in Croatia
You thots get around, yeah they rotate ya
You not wife material with hoe nature
And I don't know who need to hear that, the shoe fits, wear that
'Cause Imma leave you weirdos right where you'll get wet at, huh
Chick foreign like I met her out here
She like "That Drake album sound way better out here"

I know
Trust me, I know
Just saying it's a different vibe when you on other side with it
The up side
When you vibing in Croatia and Amsterdam, and you know, you in Europe with it like
It's a vibe, I get it, I-I-I get it
You not there yet
Aye what that boy say?
I took big steps to get here, my euro is different
Ahaha, that's tough
