

# You Made Me

Fabulous

I think we all try to be good people.  
But it's just thing you go through that make you who you are  
Nigga this is how you made me  
(This is how you, this is how you, this is how you made me)  
Nigga this is how you made me  
(This is how you, this is how you, this is how you made me)

Hol' up  
Last time I trust a nigga he betrayed me  
Last time I trust a bitch, she played me  
Pardon me if I've been on one lately  
Yeah, this is how you niggas made me  
(This is how you, this is how you, this is how you made me)  
This is how you made me (4x)

Thinking 'bout my old girlfriend, lil mama played me  
Left me for some light skin Kev with a Mercedes  
Back then I didn't have no whip, had to upgrade me  
Now I got those white boy M's, she ain't as shady  
Well karma is a bitch baby  
Oh you wasn't tryna chill hoes? (Remember that?)  
One day karma kicks you in the ass  
And I hope she wearing steel toes  
Tried to have my head all twisted, won't let 'em braid me  
I just gotta be who I be, don't let it jade me  
Life gave me lemons, it's time to lemonade me  
Music to my ears, the lies just serenade me  
And what they done to me, I done it to the next  
What goes around is coming to you next  
I dress like I'ma run into my ex  
And every time I run into her flex, uh

Your boy tried to fuck me over, thought we was homies  
Guess he was a h-o-e when I say hoemies  
Niggas get some money then act like they don't know me  
Got a new phone, cut off the old phonies  
They ain't never pick up for me when I used to call  
And they ain't never pass the 'roc when they used to ball  
And they ain't never help me up when I used to fall  
Kept tryna do it big, fuck gettin' used to small  
After the success it's like yes they used to know me  
Now it ain't no 'Neneh nigga, I got Naomi  
Shoulda paid attention before you nigga owe me  
Since you down there on your knees, go ahead and blow me  
Suck a dick, tell a hater suck a dick  
Just a hood nigga that hit a fuckin' lick  
I keep my head up and I ain't never duckin' shit  
I'm self made, I don't owe a mother fucker shit, boi

This is how you made me  
Niggas say I'm actin' crazy  
But this is how you made me  
So don't try to change me  
But nigga this is how you made me  
Nigga this is how you made me

Nigga this is how you made me, nigga  
This is how ya, this how ya made me nigga (4x)
