

I'm In Love

Fabrizio Faniello

No matter what they say now I'm in love,
I do it in my way cause I'm in love,
And I can keep that song out of my mind,
Whistling that silly tune all the time.

(whistle)...

No matter what they say, I don't care,
I whistle any way everywhere,
I wrote this little song on my own,
She said that I'm a genius; I'm in love,

My friends? say that I'm crazy, I'm just fine,
My neighbors stair at me, never mind,
Cause every time this sweetness of her smile,
My supersonic girl, I'm in love.

RIT: No matter what they say now I'm in love,
I do it in my way cause I'm in love,
And I can keep that song out of my mind,
Whistling that silly tune all the time.

(whistles)???????.I'm in love.

No matter what they say, I don't care,
I whistle any way everywhere,
I wrote this little song on my own,
She said that I'm a genius; I'm in love,
