

Nullification

Face to Face

So what if I disagree?
Since when did you start listening to me?
So hung up on the way we see
So willing to destroy credibility

We've all got to die of something
So what do we do now?
Right now

Nullification
And we can't stop this any more than you
Nullification
And we can't stop this anymore than you

And what if I disagree?
Then does that make you better than me?
You'll find a way to bury me
Don't underestimate my ability

We've all told lies and changed our minds
To justify what they deny
