

Spit Shine

Face to Face

You know that I know eventually we'll have to change
There's nothing left and there's nothing that I want to say
So here we go into the unknown
I should've seen this coming a mile away
You've got to make your own breaks and I guess that's okay

I'm not so far away
I'm not so far away
I'm not so far away
I'm not so far away
It's such a shame

Don't give up without a fight
They're gonna take you for a ride
You better believe there's Hell to pay
But with a little spit shine then you'll be on your way

I know that you know eventually we'll have to change
There's nothing left and there's nothing that I want to say
So here we go into the unknown
I should've seen this coming a mile away
You've got to make your own breaks and I guess that's okay

I'm not so far away
I'm not so far away
I'm not so far away
I'm not so far away
It's such a shame

Don't give up without a fight
They're gonna take you for a ride
You better believe there's Hell to pay
But with a little spit shine then you'll be on your way

So here we go into the unknown
