

Staring Back

Face to Face

You're wrong, and you're on
It's like taking candy from a baby
And I don't care if it hurts 'cos you deserve it

And I never used to be so happy reveling in grief
The shoe is on the other foot now, what's it gonna be?

It's all gone, the regrets
And I hate you, but that's still not what I meant
It's ok, to be nothing more than what you are

I never used to be so happy reveling in grief
The shoe is on the other foot now, what's it gonna be?

You're not going anywhere
You're right back where you started, same as me
You're not going anywhere
There's nothing out there anyway
Looking, but you're staring back at me

You're wrong, and you're on
It's like taking candy from a baby
And I don't care
If it hurts 'cos you deserve it

And I never used to be so happy reveling in grief
The shoe is on the other foot now, what's it gonna be?

You're not going anywhere
You're right back where you started, same as me
You're not going anywhere
There's nothing out there anyway
Looking, but you're staring back at me

You're not going anywhere
You're right back where you started, same as me
You're not going anywhere
There's nothing out there anyway
Looking, but you're staring back at me
