

# Epidemic

Facebreaker

There is no hope or cure  
Epidemic has spread  
All horror by the daed  
You will lose, you can not win  
Hope is lost for humanity

Epidemic, epidemic of the dead

The world we knew is gone!  
The world we knew is dead!  
There's no way out, it's too late  
There's no way back, this is the end!

Worldwide funeral  
Internal hole of narrow ways  
Deathless butchers kill and maim  
Our souls are there to rot in hell!

You will die!  
Fresh meat is what they need  
You can't escape, meet your doom  
You want survive, you want live

Epidemic, epidemic of the dead

Worldwide funeral  
Internal hole of narrow ways  
Deathless butchers kill and maim  
Our souls are there to rot in hell!
