

miles away

Fact

Something that seemed so distant
Minutes and miles just melt away
Almost as if I'm dreaming
Colour appears from out of grey
A disconnect I'm feeling
Between the real and make believe
Don't know just how I did it
Chances are there just to be seized

Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment

Something that seemed so distant
Minutes and miles just melt away
Almost as if I'm dreaming
Colour appears from out of grey

Don't know just how I did it but I made it happen
Taking chances, taking action

Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment
Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment

Think of the days and nights gone by
So many ways to waste our time
Think of the times we wondered why
So many ways, we'll be just fine
Think of the days and nights gone by
So many ways to waste our time
Think of the times we wondered why
So many ways, we'll be just fine

No, I don't regret a single second
It's so much better than I ever reckoned and
(No) No, I don't regret a single second
(It's so) It's so

Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment

Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment
Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment
Hold on!
There's only right here, there's only right now
There's only this moment
Let go!
And be in right here, and be in right now
And be in this moment
