

Looking for, I don't know what it was
But I had to let things go
Let things go
I threw away, something wonderful
But I didn't really know
Really know

Help me to get back all that I left behind
Help me to get back all that I left behind
Help me to get back all that I left behind
But you might get left too
Help me to get back all that I left behind
Help me to get back all that I left behind
Help me to get back all that I left behind
But you might get left too
(Help me to get back)

To see this with me
Then we both know what to do and so
When our hearts dance to one beat
Colour finds a way to make it through the grey

Help me to get back all that I left behind
Help me to get back all that I left behind
Help me to get back all that I left behind
But you might get left too
Help me to get back all that I left behind
Help me to get back all that I left behind
Help me to get back all that I left behind
But you might get left too

Now we're still here, we don't have a clue
Moving forward is all we can do
Believe in yourself, I believe in myself
If we do this we can find the truth and start again

(Help me to get back) all that I left behind
(Help me to get back)
Help me to get back all that I left behind

Help me to get back all that I left behind
Help me to get back all that I left behind
Help me to get back all that I left behind
But you might get left too
Help me to get back all that I left behind
But you might get left too

Help me to get back all that I left behind
