

# All Black Everything

Faderhead

Pilled-out witches dance  
On the video  
Strobelit Killstar-black, shadow glow  
Slide into the void, it's all you come to know  
Dark wings  
Awakening

Inside your soul it's  
All black everything

Far-out, twisted worlds  
Deep below  
Chokechains tether souls  
Blackest hole  
Slide into the void, it's all you come to know  
Dark wings  
Awakening

I'm blackness  
And I'll be keeping the colors out
