

## Ghost Outside These Walls

Faderhead

I liked to say that I'm your man  
I liked to give you all I have  
The sorrows of the soul remained all stored away  
And I could not foresee today  
I liked to look at you all day  
I liked to show you that I care  
The sorrows of the heart were all so far away  
And I could not foresee today  
Leave me breathing  
Love has been deceiving  
When I finally saw it all  
As a ghost outside these walls  
You liked to say that I'm your man  
You liked to show me that there's no one else  
The sorrows and the pain remained all locked away  
And I could not foresee today  
You liked to leave me little notes  
You liked to listen to the songs I wrote  
The sorrows that I feel were never ever there  
And I could not foresee todayy
