

Gritty Beats, No Relief

Faderhead

Stepping to the plate
On a late night session again
Got the decks all spinning
And Iím playing just the creme de la creme
See you moving on the floor
At something like 3:30am
Got that fire in your eyes
As you move it like nobody else can

Sexy girls, gritty beats
All night long - no relief
Sexy girls, gritty beats
Every night - no relief

Staring at your moves
As youíre staring back into my eyes
Doing what you do
With that sexy little devilish smile
Pumping up the beats
Just to see your body moving so wild
Shake it up-down-all-around
And baby keep on shaking with style
