Horizon Born

Faderhead

I follow everyday's demands
(You never follow anyone)
I try to make it through the night
(You only wake up for the sun)
I face my normal worries
(You just take off and run)
(You just take off and run)
I need to rest, a night of sleep
(You always want to be awake)
I struggle, try to earn my keep
(You don't have anything at stake)
All the thorns I carry...
(All the thorns, the thorns I carry)
(All the thorns I carry)
You always radiate...

You're Horizon Born
A star that's shining far away
Face the aeon storms
And I'll be waiting endlessly

You're Horizon Born
Still the softest touch for me
I'll be waiting endlessly

I'll be waiting endlessly...

You say the future's looking bleak
(I wonder if you really care)
Your current future lasts a week
(There's something new for you out there)
You say you're always playing
(While I hide my pain somewhere)
(I still hide my pain somewhere)
You wish for new emotions
(I wish that I could deal with mine)
You're restless like the ocean
(I'm restless cause I'm losing time)
You will never worry
(While I care too much to lie)
(You will never worry)
(I care too much to lie)

You're Horizon Born
A star that's shining far away
Face the aeon storms
And I'll be waiting endlessly

You're Horizon Born
Still the softest touch for me
I'll be waiting endlessly

"When you love someone, you've got to trust them.
There's no other way. You've got to give them the key
to everything that's yours. Otherwise, what's the
point?"

You're Horizon Born
A star that's shining far away
Face the aeon storms
I'll be waiting endlessly...
