

Melt Into Your Eyes

Faderhead

You make me wanna be a better man...

Sometimes I just lose all words
And I don't know what to say
This feels so good it almost hurts
I hope we'll never fade away
(I hope we'll never fade away)

When I look at you in real
There's nothing else that I gotta say
'Cause I melt into your eyes again
When I look at you in real
There's nothing else that I gotta say
'Cause I melt into your eyes again

If I need to lose control
I know that you will hold my soul
And deep inside I feel this glow
You and me will make us whole
(You and me will make us whole)

When I look at you in real
There's nothing else that I gotta say
'Cause I melt into your eyes again
When I look at you in real
There's nothing else that I gotta say
'Cause I melt into your eyes again
