

Older Now

Faderhead

This sort of thing has cropped up before
And it has always been due to human error

Another day is gone
And I got nothing done
A little older now
But can't get smart somehow
I cant find strength to wake
And won't get out of bed
I cancel one more plan
Find an excuse to make

And I've been in this place
A hundred times
Your words are burning through my nerves
But what they mean I still don't know

And it has always been due to human error

I know this can't be right
But I'm too dead to not hide
Proceed to numb my brain
And feel the same again
Another day is gone
And I got nothing done
I can't get smart somehow
But I am older now
