

## Self Control

Faderhead

With the way you look tonight  
I got no self control  
With the way you move tonight  
I got no self control

I like my girl in 5inch heels  
And pushup bra for sex-appeal  
I like my girl with vodka shots  
And dirty smiles I like a lot

I like my girl to dance for me  
Because I know it looks obscene  
I like my girl to cut the lines  
Because I never cut that fine
