

## Princess

## Failure

My little angel  
how soon you lose hope  
come here for hours  
never go  
my purple princess  
how much you know  
I'm always pleased that  
you don't say no

I do not mind that  
you are a girl  
I do not mind that  
little girl  
you see it's me who  
loves you the most  
please let me show you  
little girl
