Listen to me Listen to me

АННННННННННН!

Rikki-Tikki, Rikki-Tikki, Rikki-Tikki Tavi I am not a machine So don't push me like buttons Rikki-Tikki, Rikki-Tikki, Rikki-Tikki Tavi We're not identical twins So don't finish my sentence

(Tell me the truth, or don't tell me anything I'd rather have a heart than courage or a brain)

Rikki-Tikki, Rikki-Tikki, Rikki-Tikki Tavi Don't pay any mind To a voice behind curtains

If you meet the Devil's wife Make sure you wear a suit and tie and leave him wear he stands And if he tries to shake your hand just hit him with a frying pan and leave him where he stands

AHHHHHHHHHH Run Tikki-tikki Run Tikki-tikki Ruuunnn Run Tikki-tikki Run Tikki-tikki Ruuunnn

Listen to me (7x)

Rikki-tikki, Rikki-tikki, Rikki-Tikki Tavi if you want a Picasso You better start diggin Rikki-tikki, Rikki-tikki, Rikki-Tikki Tavi if I build the ark Will you wait for the water

(The only thing that ever turned him blue Was thinking the sky is what he should be turned to)

Rikki-tikki, Rikki-tikki, Rikki-Tikki Tavi There are snakes in the grass So we better go hunting

If you meet the Devil's wife Make sure you wear a suit and tie And leave them where he stands If he tries to shake your hand just hit him with her frying pan And leave him where he stands Let them take the kitchen sink And cut her from her apron strings Just leave him where he stands All you need is amnesty So grab my hand and come with me Just leave him where he... stands

AHHHHHHHHHHHHH RRRRRRRRRRRRRRRRRIKKI
