

## Mercer Island

Fairweather

You talk talk talk of how you're looking forward  
But it's not changing anything  
You don't see that where you were is where you are  
No matter what the situation you're waiting for

Well, how are you now?

Well, how are you now?  
Well, how are you now?

Don't say that you're waiting  
For something to come and  
Wake you up

Don't say that you're waiting  
For something to come and  
Wake you up
