

I Wish (Interlude)

Faith Evans

Yeah, yeah
You don't even hear me
You can't see me
Wish I could touch you
Show you how I love you, but
You don't even hear me
You can't see me
Wish I could touch you
Show you how I love you, but (love you, but)
But, you don't even hear me
Wish there was something I could do
For you, to hear me
I need you to hear me
'Cause I miss you
I really do (I really do)
I miss you...
