1, 2, 3, 4, 5, 6, 7, 8, 9

It's the ten wife commandments  
(I wrote me a manual  
A step-by-step booklet for you to get)  
It's the ten wife commandments

Don't hate the player  
Just hate the game  
You break the rules nigga, I'll do the same  
What you gonna do when they come for you?  
When they come for you?  
This is gonna come back around  
Don't hate the player  
Just hate the game  
You break the rules nigga, I'll do the same  
What you gonna do when they come for you?  
When they come for you?  
This is gonna come back around

(I've been in this game for years, it made me a animal  
There's rules to this shit, I wrote me a manual  
A step-by-step booklet for you to get  
Your game on track, not your wig pushed back  
Rule nombre uno) Never let no chick know  
What you and your man do in the bedroom  
Might feel good when you in it  
And you probably want to admit it  
But it ain't nobody business  
(Number two) Gotta be a pretty girl all the time (take it from your highness  
)  
Gotta build him up and make him strong  
You gotta be the only one he want  
(Number Three) Gotta be a lady in the street  
And you gotta be a freak in the sheets  
But don't do too much (don't do too much)  
All my ladies singin' with me now

Don't hate the player  
Just hate the game  
You break the rules nigga, I'll do the same  
What you gonna do when they come for you?  
When they come for you?  
This is gonna come back around  
Don't hate the player  
Just hate the game  
You break the rules nigga, I'll do the same  
What you gonna do when they come for you?  
When they come for you?  
This is gonna come back around

(Number four) I know you heard this before  
Tell him you love him before he step out the door  
(Number five) Gotta let him with the pants  
You be a lady and you let him be the man  
(Number six) Know how to put it down in the kitchen  
When he bring it home you gotta have a good meal fixed

(Seven, this rule is so underrated) Gotta keep your feelings and your money  
separated  
It's okay to let him have a troll  
But girl, you gotta have your own  
Do your own thing  
(Number eight) Gotta keep your head game straight  
(Number nine) Shoulda been number one to me  
Gotta take care of the family  
(Number ten) Be careful of the people you meet  
When you 'round in the streets, you better listen to me

Don't hate the player  
Just hate the game  
You break the rules nigga, I'll do the same  
What you gonna do when they come for you?  
When they come for you?  
This is gonna come back around  
Don't hate the player  
Just hate the game  
You break the rules nigga, I'll do the same  
What you gonna do when they come for you?  
When they come for you?  
This is gonna come back around

Rules to this shit, step-by-step

For you to get, step-by-step  
Take it from your highness  
Step-by-step
