

Let's Go to Vegas

Faith Hill

Hey baby, let's go to Vegas
Kiss the single life good-bye
Hey baby, let's go to Vegas
Bet on love and let it ride

Lyin' on the bank of the river
Stars are dancin', Lord it's hot
Holdin' you is what I live for
I just had a crazy thought

Hey baby, let's go to Vegas
Kiss the single life good-bye
Hey baby, let's go to Vegas
Bet on love and let it ride

We'll find a little wedding chapel
A pair of rings and a preacher too
Underneath the neon steeple
We'll take a gamble and say "I do"

Hey baby, let's go to Vegas
Kiss the single life good-bye
Hey baby, let's go to Vegas
Bet on love and let it ride

Viva Las Vegas, sparklin' lights
Dangerous livin', tumblin' dice
You're my ace in the hole now honey
And I'm your lady luck
Pack a few things and a little money
And put 'em in the truck

Hey baby, let's go to Vegas
Kiss the single life good-bye
Hey baby, let's go to Vegas
Bet on love and let it ride
