1. It's not easy trying to understand  
**A B**  
How the world can be so cold, stealing the souls of man  
**C#m B**  
Cloudy skies rain down on all your dreams  
**A**  
You wrestle with the fear and doubt  
**F#7**  
Sometimes it's hard but you gotta believe

- E B/Es**  
R: There's a better place, where our Father waits  
**C#m A B**  
And every tear he'll wipe away  
**E B/Es**  
The darkness will be gone, the weak shall be strong  
**C#m A B**  
Hold on to your faith  
**C#m B**  
There will come a day  
**A B**  
There will come a day

2. Wars a raging, lives a scattered  
Innocence is lost and hopes are shattered  
Old are forgotten, the young are forsaken  
In this world we're livin' in  
Is there anything sacred

- R: There's a better place, where our Father waits  
And every tear he'll wipe away  
The darkness will be gone, the weak shall be strong  
Hold on to your faith  
**E C#m**  
There will come a day  
There will come a day

\*: The song will ring out down these golden streets  
**Esm B**  
The voices of earth with the (stop) angels will sing  
**F# C#/B**  
Every knee will bow, sin will have no trace  
**Esm B C#**  
In the glory of his amazing grace  
**E F#/B**  
Every knee will bow, sin will have no trace  
**Esm B C#**  
In the glory of his amazing grace  
**Esm C#**  
There will come a day  
**B C#**

There will come a day

**Esm C#**

Oh, there will come a day

**B**
