

## Get Out

Faith No More

What if there's no more fun to have ?  
And all I've got is what I had  
What if I have forgotten how ?  
Cut my losses and get out now  
Get out right now  
There's something stronger than me  
There's something I don't want to see  
A new thing growing in me  
It is the hardest thing to do  
To watch it grow on top of you  
And see you're just like everyone  
No fun
