## **Separation Anxiety**

## **Faith No More**

Separate the anxiety hey
Separate the anxiety hey hey
Separate the anxiety hey
You know its mine

Hey, love, come back Like it was before Hearts creaking The hinges on the door Thoughts creeping

Separating anxiety hey Separating anxiety hey Separate the anxiety hey You know it's mine

It's like when your mind Has a mind of it's own Please take mine Don't leave me alone Capture me

Separation Anxiety, hey You know it's mine

I can't let you go Cos you're a part of me Not apart from me

Yes, a better sign from me
Well its good enough for me
How can I separate from this anxiety?

Come home and make our truce
Violence is what we learned
Listen in reverence
Why can't you look past this
You only make us truce
Violence is what we learned
How can I separate from this anxiety?

Separation anxiety

Closing my eyes Separation anxiety
