Keep your distance You're in the race (?) Caress me In your eye I've got better things to do This will hurt someone White walls, windows Charity(?) Defenders(?) Comfort me and bring me something sharp This will hurt someone - someone else This will hurt someone else Calm down, Think Carefully Seen it all before Mind your own fucking business Seen it all before What I would give for your eyes Seen it all before You'd never blink again Seen it all before Faces on top of more faces This bullet in your chest, the world is yours Each word, you suck it through a straw It's so predictable, it's policy This will hurt someone someone else
