

Hour of Need

Faithless

You know that I'm foolish
Playing king for a day
I hang with my people
Whenever I can

They say that I'm scruffy, misguided and blue
Like a fly on a string
There's a web that surrounds you
But I will find a way in

Yeah, in your hour of need
I'll be there, yes I will
Yeah, in your hour of need
I'll be there, yes I will

You laid a place at your table
Let me sleep in your bed
Yeah, you hurt and confused me
You're my queen for a day

I know I'm foolish
Harsh and unfair
'Cos in my hour of need
I know you've always been there

And in your hour of need
I'll be there, yes I will
In your hour of need
I'll be there, yes I will
