If Lovin' You is Wrong

Crammed full of energy,

Yeah, I finish my beer

I was pumping and she was biting,

We be famous worldwide overnight

Yeah, lightning flashed and thunder roared,

If lovin' you is wrong I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If I come first well that's the worse scenario,

I mean it, 20th Century Fox on the screening, One take like an earthquake make the bed brake,

The girl had her finger on my keyboard, Oh lord, this is gonna last all night,

I push you harder than Sanchez Vicario,

I'm a sexual animal, eat you like a cannibal,

So come here and get nice while I lick you here,

Put your legs over there and kind of swing on the chair, I swear you look wicked with your panties in your hair,

And like a pound of self-raising I just rose and rose, Stepped out of my clothes started doing the right thing,

Watch me ride:

I'm inflammable,

Eyes half closed, Cute little nose,

If lovin' you is wrong I don't wanna be right. If lovin' you is wrong, I don't wanna be right. I give a massage, Skin supercharge, Imagination on turbo situation large, Sometimes you handle me kinda course, Like a horse, the bed ?? ?? keep from flying. I got my teeth in her neck... If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right. If lovin' you is wrong, I don't wanna be right.

And get tired of magazine articles we're forced to write. I take a delight in making the bed springs sing all night,

If lovin' you is wrong, I don't wanna be right.
