## Faithless

Brothers and sisters, how much time has passed?  
We still believe that cultures are connected all respected  
Inclusive, exclusive, one family produces  
Innadadance  
Innadadance  
Together  
Innadadance

Even if last night you barely got any sleep in  
Have no motive for the weekend  
Your account's in the minus and the bills are increasing  
Council turned off the water and they still ain't fixed the heating  
Even after the world decided to crumble into pieces  
At least you're still here and you're breathing  
You should be happy to be alive despite it all  
You don't need any other reason  
For every hater, there's a lover  
For every raindrop, there's the summer  
Despite the hurt, there's a newborn looking up to see hope in his mother  
Despite the war, there is peace  
We still break bread even after we beef

Together  
Innadadance  
The ups and the downs  
The highs and the lows  
Together  
Innadadance  
At least you're still here  
And you're breathing

Innadadance  
Old school  
New school  
It's just right

Innadadance  
Innadadance  
Innadadance
