

# Love is My Condition

Faithless

Love is my condition  
Fired  
Love is my condition  
Fired  
Love is my condition  
Fired  
Fired  
Has been fired

Love is my condition  
Fired  
Fired  
Has been fired

Once the catch has been caught  
Money has been counted  
Once the shot has been fired  
T' killing's done

Once the catch has been caught  
Money has been counted  
Once the shot has been fired  
T' killing's done

Birds have flown  
Train has pulled out  
Fired

Wash my face  
N' then undress  
Close the curtain  
N' leave the mess  
Knowing  
Fired

Pills won't help it  
Words won't help it  
Money can't help it

Pills won't help it  
Words won't help it  
Money can't help it

Once the bet has been drawn  
The bodies have been counted  
Once my shot has been fired  
Fired  
Fired  
Fired  
Fired

(Knowing... pills won't.....)

I wash my face  
And then undress  
Close my day  
And leave the mess

Love is my Condition  
Knowing

Pills won't help it  
Words won't help it  
Money can't help it

Pills won't help it  
Words won't help it  
Money can't help it
