

## Synthesizer (Edit)

Faithless

I like the way move  
I like the way you dress and undress too  
I like to think that  
What touches me, it touches you

I love the way you love  
And how you ... away the pain  
I love the way you dance as if you're just passing through  
But however much I love you, babe  
However much I love you, baby

I love my synthesizer more  
I love my synthesizer more  
I love my synthesizer more  
I love my synthesizer more

I like the way you touch  
You wrap my heart in gold  
Love when you come to call  
Like a cat in from the cold

I love it when you laugh  
How you turn your head away  
I love it when you dance as if you're just passing though  
But however much I love you, babe  
However much I love you, baby

I love my synthesizer more  
I love my synthesizer more  
I love my synthesizer more  
I love my synthesizer more
