

# Fake Out

Fall Out Boy

Take a knife and cut through the darkness  
Castle temp red wine  
But I make no plans and none can be broken  
No plans and none can be broken  
Remember us just like this forever  
But this can't last, won't last  
So make no plans and none can be broken  
No plans and none can be broken

Do you laugh about me whenever I leave?  
Or do I just need more therapy?

Love is in the air  
I just gotta figure out a window to break out  
Buried alive inside my dreams  
But it was all a fake out  
I don't care  
I just gotta figure out a window to break out  
Buried alive inside my dreams  
But it was all a fake out, fake out

My mood board is just pictures of you  
But I'm not sad anymore  
So make no plans and none can be broken  
No plans and none can be broken  
But I didn't take the love when I had the chance  
But I swear I'm not sad anymore  
So make no plans and none can be broken  
No plans and none can be broken

Do you laugh about me whenever I leave?  
Or do I still need more therapy?

Love is in the air  
I just gotta figure out a window to break out  
Buried alive inside my dreams  
But it was all a fake out  
I don't care  
I just gotta figure out a window to break out  
Buried alive inside my dreams  
But it was all a fake out, fake out

Oh, we all started out as shiny dimes  
But we all got flipped too many times  
We did it for futures that never came  
And for pasts that we're never gonna change

Love is in the air  
I just gotta figure out a window to break out  
Buried alive inside my dreams  
But it was all a fake out  
I don't care  
I just gotta figure out a window to break out  
Buried alive inside my dreams  
But it was all a fake out, fake out
