

Drugs

Falling in Reverse

Kill yourself is what they said to me
I'm already dead Just differently
They say god is real, I disagree.
Cause if that were true, then we'd all be free (yeah)
Running from somethin that's killin me dealin
With such an uncomfortable feelin beginning to feel the hostility from my ab
ility of slowly becomin the villain
I just wanna thank all my fans especially
Without you is the death of me
I don't consider myself a celebrity
But I'll be doin this shit till I'm 70
This is my destiny
This is the best of me
It's an incredible feeling to
Grow lettin it go I'm lettin you know
We are killin ourselves on the low

Everybody wants some
Everybody gets none from me

Cause Everybody's on drugs
It's hard to believe
The American dream
Is a killing machine
We're all falling in love
With a new disease
And if it's killing you
Then it's murdering me
It's all getting so
Unbelievable
We're having so much fun
Staring down a loaded gun
And you don't see that it's killing you
Cause everybody's on drugs

Save yourself is what I'm telling you,
Cause nobody else, really has a clue
Into your veins, like heroin.
Accept the pain
Just to feel again

Everybody wants some
Everybody gets none from me

Cause Everybody's on drugs
It's hard to believe
The American dream
Is a killing machine
We're all falling in love
With a new disease
And if it's killing you
Then it's murdering me
It's all getting so
Unbelievable
We're having so much fun
Staring down a loaded gun

And you don't see that it's killing you
Cause everybody's on drugs

Everybody is dead from the
Neck up
Tryin to keep their heads up
Searchin for a way out
This is a dying nation
So complacent
Our spirits need awakened
What are we waiting for

Die mother fucker, die motherfucker die!

"Do I know you?"
"No, not really."
"You seem so familiar"
"I'm your son"
"Ohh my son, I'm sorry I was never there for you. I'm so..
"I'm not here for you apologies. I'm here to thank you. I'm here to thank yo
u for never being there. I doesn't make me the person I'm today and without
dad I don't know wear it. So this is my first hello and this is my last good
bye."

Everybody's on drugs
The American dream is a killing machine
Everybody's on drugs
And it's killing you.
It's so fucking,
Unbelievable
We're having so much fun staring
Down a loaded gun
And you don't see that it's killing you
Cause Everybody's on drugs
