

# Goodbye Graceful

Falling in Reverse

Can't believe that I survived  
I fell so hard but I'm alive  
Standing in front of the gates of Hell  
With a glass of ice water in my hand  
Lurking at the edge of my bed  
Get the fuck out of my head

Goodbye Graceful I'm so Grateful  
You helped to change my wicked ways  
When I was in my darkest days  
And I'm so thankful  
That you were able, you were able  
To save me from the burning flames  
And make me who I am today

This dark cloud is still around  
My thoughts wander in and out  
And if I die before I wake  
Tell the Devil I'm on my way  
Lurking at the edge of my bed  
Get the fuck out of my head

Goodbye Graceful, I'm so grateful  
You helped to change my wicked ways  
When I was in my darkest days  
And I'm so thankful  
That you were able, you were able  
To save me from the burning flames  
And make me who I am today

I've been running for the longest time  
I forgot where I have left my mind, I have left my mind

Goodbye graceful, I'm so thankful you were able to save me.

Goodbye graceful, I'm so grateful  
You helped to change my wicked ways  
When I was in my darkest days  
And I'm so thankful  
That you were able, you were able  
To save me from the burning flames  
And make me who I am today

Picking up the pieces of my life up off the floor  
Searching for an open window or an exit door  
This boulder on my shoulder it got heavier and colder  
Til the day that I got sober now it's slowly rolling over  
To all the people I've done wrong now I apologize  
To all the girls' hearts I broke, to tears I made them cry  
I know it's been a while and you have traveled many miles  
To get away is not my style I wrote this song to make you smile
