

Red Alert

Falling in Reverse

Stop right there this is a Red Alert
I love your long legs and your little skirt
I know that your boyfriend's a jerk
But I don't care because he's at work
You've got spunk in your step
You live your life with no regret
And how you look when you are wet
Is something I can not forget
I wanna kiss your lips
I mean the ones between your hips
And if I cashed in all my chips on you
Then baby I'd be rich..
So come on

Baby now
It's been a long time coming but you're still to far down
Baby now
I've spent a long time climbing to the top just to fall now

I know that there's no I in team
But baby there's a M and E
And adding you to the equation
Equals infidelity
Subtract the boy before you cheat
Then figure out a place to meet
And what you get is what you see
The answer is just you and me

Baby now
It's been a long time coming but you're still to far down
Baby now
It's been along time coming and I'm still coming
Baby now
It's been a long time coming but you're still to far down
Baby now
I've spent a long time climbing to the top just to fall now

I know that there's no I in team
But baby there's a M and E
And adding you to the equation
Equals infidelity

Baby now
It's been a long time coming but you're still to far down
Baby now
I've spent a long time climbing to the top just to fall now
