

# Come into My Heart

Fallulah

If we try, we could fall  
Feel the height of it all  
Count to ten, then some more  
Suddenly, life is short  
Here we are, full of hope  
Feel the weight of my soul

(Uh, uh, uh)  
Come into my heart, come into my heart  
(Uh, uh, uh)  
This is what you do, come into my heart  
(Hah ah)  
It's gonna be a lifetime or a day?  
(Hah ah)  
And when the morning comes we'll find our way

(hoooh)  
Closing in to the cold  
Where you're hiding before  
Let me know even more  
'Cause suddenly, life is short  
Here we are open minds  
In the arms of the night

(Uh, uh, uh)  
Come into my heart, come into my heart  
(Uh, uh, uh)  
This is what you do, come into my heart  
(Hah ah)  
It's gonna be a lifetime or a day?  
(Hah ah)  
And when the morning comes we'll find our way

Haaaaaaaaaah, Haaaaaaaaaah  
Haaaaaaaaaah, Haaaaaaaaaah

Huh, huh, huh, huuh, huuh  
Huh, huh, huh, huuh, huuh

(Hah ah)  
It's gonna be a lifetime or a day?  
(Hah ah)  
And when the morning comes we'll find our way  
(Hah ah)  
It's gonna be a lifetime or a day?  
(Hah ah)  
And when the morning comes we'll find our way
