

Dance It Better

Fallulah

You've been coping on your own
I come by but you're not home
Why won't you pick up your phone?
Ah ah ah

Trouble comes and trouble goes
That's the only thing we know
Count to ten and take it slow
Ah ah ah

You got scars on your heart
And I know they will stay
Know it's hard to believe
Promise you they will fade
Take my hand if you can
Follow me and I'll lead
Dance it better with me

Come together
Gonna dance
Gonna dance
Gonna dance
Gonna dance it better
Ah
Come together
Wanna dance
Wanna dance
Wanna dance it better
Ah ah ah

We can cry and we can play
You can scream
Push me away
I will love you just the same
And I won't run away

You got scars on your heart
And I know they will stay
Know it's hard to believe
Promise you they will fade
Take my hand if you can
Follow me and I'll lead
Dance it better with me

Come together
Gonna dance
Gonna dance
Gonna dance
Gonna dance it better
Ah
Come together
Wanna dance
Wanna dance
Wanna dance it better
Ah ah ah

All of your pain is like rocks in your pocket

While climbing the highest hill
I'll walk behind you one step at a time
Cause I got you I always will

Come together
Gonna dance
Gonna dance
Gonna dance
Gonna dance it better
Uh
Come together
Wanna dance
Wanna dance
Wanna dance it better
Uh uh uh

Dance it better with me
(We got scars on our hearts)
Dance it better with me
(Dance it better with me)
Let's dance it better, baby
