

Dragon

Fallulah

I got a dragon by my side
He's my lover, I'm a flyer
I can't go, but why?
He hurts me all the time
He is my reason not to soar
I'll never leave this floor
Can't see what's coming next
The shield is on my chest

I got dragon on my back
It be my heavy heart attack
It won't leave, but why
He burns me all the time
I can't breathe but I want more
Hot hell, so what's in store
He left me in this place
I wish I could be safe

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart

All I wanna do is to tear it apart

I got a dragon in my head
I'm repeating, I'm repeating what he said
I can't leave, but why?
He always feed me lies
I can't sleep but he don't care
He never sees me there
He's got a heart of cold
He's burning in my soul

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart

I am a passenger on your blunt ride
Don't drive down with you
I was on your side
I am the passenger, always stood by
I need to get away, dragon good bye

All I wanna do is to tear it apart

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart

All I wanna do is... (huh, hey)

Who's got the key to your heart?
Who's got the key to your heart?
Who's got the key?
Who's got the key to your heart?
Who?
All I wanna do is to tear it apart
