

Gemstoned

Fallulah

Sitting in my living room
Trying not to think of you
And the shit you put me through lately
(Oh oh oh oh)
Everytime I close my eyes
I see what you can't disguise
Choking hard on your candy lies

Boy, you're not a man
If you were you'd never get this out of hand
Boys, they make a band
And play you in a bad way

Cause you're so gemstoned
No one else in your zone
Hope your money keeps you warm
Karma get you tenfold
(Yeah)
You're so gemstoned
What's it like on your throne?
All that glitters ain't gold
I will leave your name cold
(Uh)

Ah ah ah ah
Ah ah ah ah
Ah ah ah ah
Gemstoned
Gemstoned
Ah ah ah ah
Ah ah ah ah
Ah ah ah ah
Gemstoned
Gemstoned

Sitting in a fitting room
Nothing fits beside your rules
You're the king of home made truth, baby
(Oh oh oh oh)
Acting like a bull in heat
Crushing hearts like a stampede
But you underestimated me
Hey hey hey

Boy, you're not a man
If you were you'd never get this out of hand
Boys, they make a band
And play you in a bad way

Cause you're so gemstoned
No one else in your zone
Hope your money keeps you warm
Karma get you tenfold
(Yeah)
You're so gemstoned
What's it like on your throne?
All that glitters ain't gold

I will leave your name cold
(Uh)

Ah ah ah ah
Ah ah ah ah
Ah ah ah ah
Gemstoned
Gemstoned
Ah ah ah ah
Ah ah ah ah
Ah ah ah ah
(Ah ah ah ah)

Why do you always think you're right?
Why do you never compromise?
We can disagree, not fight
Do you have to be that guy?
Why do you always think you're right?
Never share your pumpkin pie
We can disagree, not fight
Do you have to be that guy?
Do you?

You're so gemstoned
No one else in your zone
Hope your money keeps you warm
Karma get you tenfold
(Yeah)
You're so gemstoned
What's it like on your throne?
All that glitters ain't gold
I will leave your name cold
(Uh)

Ah ah ah ah
Ah ah ah ah
Ah ah ah ah
Gemstoned
Gemstoned
Ah ah ah ah
Ah ah ah ah
Ah ah ah ah
Gemstoned
Gemstoned
